VINEYARDS

2013 THE ESTATES CLIFTON HILL SYRAH

"This Syrah is rich, complex wine yet it is still approachable. We did not inoculate this wine, but instead allowed wild yeast strains to perform "native" fermentation, which helped to enhance the complexity on the nose. Much like myself, this wine might be described by some as being slightly esoteric. It will continue to improve over the next 3-5 years."

-Winemaker, Joshua Maloney
